TECHNICAL EXPERIENCE

Diploma Trainee Engineer
Globeminds Technologies Pvt. Ltd. - [Certificate](#)

May 2024 — June 2024
Pune, India

- Developed a medical management desktop application for a medical store to manage inventory, billing, and prescriptions.
- Collaborated with senior developers to improve application reliability, scalability, and usability.

Front-End Developer Intern
Bits and Volts Pvt. Ltd. - [Certificate](#)

June 2025 — Aug 2025
Remote - Pune, India

- Developed responsive user interfaces for web applications using modern frontend technologies.
- Collaborated with backend developers to integrate APIs and improve application performance.
- Enhanced understanding of full-stack architecture and scalable web application design.

PROJECTS

EMR 2.0 - Smart EMR and Diagnostic Assistant
Hackathon Winning Project - [GitHub](#)

Feb 2026
Tools: FastAPI, Next.js, Llama 3.3, Convex, Clerk, LangGraph, CrewAI

- Implemented a fully automated multi-agent pipeline by orchestrating more than 7 AI Agents.
- Voice First EMR system that processes conversation between doctors and patients and summarizes whole thing in any regional language the patient wants with WHO granted ICD-10 Mappings.
- Agents include Document OCR Engine, SOAP Transformer, Audio Transcript Agent, ICD10 Mapping Agent, Summarization Agent, Red Flag Agent, Prescription processing agent.
- Won Second Runners UP at Cavista Technologies Hackathon @PCCOE Pune

StudyGenie - AI Powered Academic Companion
Diploma Final Year Project - [GitHub](#)

March 2025
Tools: MERN Stack, Python, Llama 3.3, AWS

- AI-powered academic assistance platform personalized via ML Models, to guide students in preparing for technical careers after 10th and 12th grade.
- Built RAG-based NOVA AI, a conversational assistant capable of answering academic queries and providing contextual learning support.
- Implemented GenieGuide, an intelligent roadmap generator that produces personalized learning paths and tracks your progress simultaneously.
- Integrated with DynamoDB, Sagemaker for reliability and scalability.

EDUCATION

B.Tech in Computer Science and Engineering(Artificial Intelligence), Vishwakarma Institute of Technology, Pune
Diploma in Computer Engineering, Government Polytechnic ,Pune

2025-Present
2022-2025

ACHIEVEMENTS

Second Runners Up at Cavista Technologies Hackathon in Feb 2026 with Cash Price of Rs.30,000
Runners Up at Impetus Project Expo @ PICT, Pune with cash prize of Rs. 5000
Winners at Internal Smart India Hackathon @ VIT, Pune
Runners Up at Project Competition @ Ajeenkya Dr. DY Patil School of Engineering, Pune

21-22 Feb 2026
21-22 March 2025
Nov 2025
Feb 2025
